- A truly elite donor to kick off the Foundations for the Future '26 offering. 3504 is the kind that every progressive breeder hopes to build a program around, the prototype Hereford female. Highly productive, low-input, perfect uddered, and built with the balance, look, and structural integrity that stand the test of time.
- A full sister to Walker Full Circle 3511ET, this young donor combines a proven pedigree with breed-leading figures. She ranks in the top 1% of the breed for SCF, Teat, Udder, \$BMI, and \$BII, while posting a top 3% Marbling EPD. Females like this don't just raise calves—they build cow herds.
- Retaining spring 2026 Heifer calf.
- Co-owned with Dirt Road Farms
- **Serviced AI to WLKR TRM Dodge City 525N ET on 5/26/26.**
Exposed to BR E133 Belle Air 1324 from 6/5/26 to 8/15/26.
Safe in Calf. Believed to be AI.

WALKER FULL CIRCLE 3511ET — FULL BROTHER TO LOT 1

- A. Selling 1/2 Interest.**
B. Winning bidder has the option to double the bid price and own 3504 in her entirety.

If buyer chooses option B. Seller reserves the right to 10 transferrable embryos at the sellers expense and the buyers convenience.

- Elite from every angle, this is the kind of female that simply checks all the boxes. She is a full sister to the \$52,500 BF 157F Eminence 111M ET, now working in the Burns Farms and GKB Cattle Co. programs, while another full sister highlighted the 2025 Burns Farms Female Sale at \$30,000 to Double Seven Ranch, Oklahoma. 5604 is also a maternal sister to one of the breed's most talked-about young AI sires, HHF Right Choice 5N ET.
- The influence of NJW 1A 173D Rita 157F continues to reshape the breed. In 2025 and 2026 alone, nine progeny sold through public auction for an impressive \$39,444 average, proving the consistency and earning power of this remarkable donor.
- We've admired this female since an early age. Massive in her build with tremendous bone, body mass, and spring of rib, she combines an elite phenotype with a truly unique genetic profile. Study her EPDs closely, she is the only animal in the Hereford database with her combination of minimums for CED, BW, and YW in the AHA database. Opportunities like this don't come around often. Invest in a female capable of transmitting both elite phenotype and breed-leading genetics for generations to come.
- Homozygous Polled
- Owned with Candy Meadow Farms
- Sells Open
- **Seller reserves the right to 10 transferrable embryos at the sellers expense and the buyers convenience.**

MOHICAN RITA 18K ET — DAM OF LOTS 3-5

CHURCHILL EQUITY 3316L ET — SIRE OF LOTS 3-5

- We wanted to offer this exceptional flush of bred heifers because opportunities like this don't come along often. It took some big-time convincing to let this group leave the farm, and after going back and forth on which female to offer, we decided to put the decision in the buyer's hands. Sired by the calving ease standout Churchill Equity and backed by the proven Cowboss donor, whose influence has continued to grow since making the trip from Laurel, Montana, this mating offers unlimited potential.
- 527N leads this impressive trio of donor prospects. She is a fault-free female with outstanding balance, structural integrity, and eye appeal. Study her on the hoof, then study her balanced EPD profile—this is the kind of female that can add value to any progressive breeding program in a hurry.
- **Serviced AI to KCF Bennett Provider M400 on 3/31/26, Exposed to WLKR LF Laredo 2050 534N ET from 4/10/26 to 6/20/26. Safe in Calf. Believed to be AI.**

- 530N has become the favorite of many visitors to the farm, and it's easy to see why. Massive bodied, elegant through her front one-third, and built with tremendous bone, shape, and overall completeness, she is the kind that never goes out of style.
- We can't wait to watch these females enter production and see the impact they make. Opportunities to purchase bred heifers like this are few and far between, as we rarely open the gates to this portion of the herd. Take advantage of a true donor-quality female with an exciting future ahead.
- **Serviced AI to KCF Bennett Provider M400 on 3/31/26, Exposed to WLKR LF Laredo 2050 534N ET from 4/10/26 to 6/20/26. Safe in Calf. Believed to be AI.**

WLKR DRF JH MISS 222 4307M ET — Daughter of Lot 9

- We could write a book about the impact 2702 has had in our donor program. She continues to produce cattle with the kind of phenotype that demand attention, including a daughter that sold for \$13,000 to Barnes Herefords, Georgia, in last year's Foundations for the Future Sale, along with a herd bull that brought \$12,500 to the Bush family in Kentucky.
- 2702 consistently combines eye appeal with performance, offering the growth and EPD profile to back up her impressive phenotype. If you're looking to inject a little extra outcross pedigree without sacrificing quality, this donor deserves a serious look.
- **Serviced AI to Churchill Smoke 3128L ET on 12/18/25.**
- **Exposed to Walker Full Circle 3511 ET from 12/23/25 to 3/10/26.**

- If you're searching for true cow power, this female checks all the boxes. Big-bodied, bold-ribbed, and carrying plenty of shape, she is a tank with the extra look to set her apart. She is sired by a Mandate son we purchased from TRM that has exceeded our expectations and made a lasting impact on our program, with this female standing as a prime example of his quality. Ranking in the top 1% of the breed for both Weaning Weight and Yearling Weight, she is an outstanding choice for anyone looking to add serious growth and performance to their herd.

- This Explorer daughter is an eye-catching female with the look, capacity, and power to make a lasting impression. Fancy, big-bellied, and long-bodied, she combines an attractive phenotype with the kind of shape and dimension that stand out in the pasture. Her bottom side is backed by proven genetics, including influential sires such as Genesis G16 and R Leader, adding confidence in her maternal strength and production potential. Ranking in the top 5% of the breed for Scrotal Circumference, Milk, and Milk & Growth, she is a female that has the potential to become a true program changer.

- We lead off the fall open heifers with a true sale feature. Out of the ever-popular H BL First Lady 1101 donor, whose influence has been felt throughout the Churchill program, we purchased this flush with one goal in mind. We believed Laredo was the perfect mating for First Lady, and we couldn't be happier with the result.
- These flush sisters are peas in a pod. Big-bodied, long-made, square-built, and packed with genuine brood cow quality, they combine the kind of phenotype, structural integrity, and maternal strength that are difficult to assemble in one package. The quality runs deep from both sides of the pedigree, making these two females an exciting opportunity for anyone looking to build around proven genetics.

- Dark cherry red with big red eyes, this female has the kind of look and color that producers are seeking today. She is growth-oriented, well-designed, and offers the potential to become a highly productive female in any breeding program. Her pedigree is packed with proven sires and influential females, providing the genetic foundation for long-term success. With her combination of phenotype, performance, and maternal potential, we believe she is a female that will work for you.

- This impressive fall female is backed by a pedigree stacked with power and proven genetics. Sired by a son of Perfecto 84F and out of a dam sired by Sensation 2504, she carries the kind of foundation that can make a lasting impact in any program. She has the potential to be a heavy-milking female with a great udder, while also adding the carcass merit that today's producers value. With her combination of maternal strength, functionality, and performance, she is a female that should excel for years to come.

- 671P is a knockout young female stacked with some of today's freshest genetics. Sired by the popular Huth Deluxe, she is long made, square hipped, and exceptionally attractive in her overall design.
- Her dam was purchased with our good friends at Whispering Winds Farm as the high-selling bred heifer in the 2025 Boyd Beef Cattle Sale. Study the pedigree here, as 671P combines the influence of two of the hottest sires in the breed today in Monument and Deluxe. She brings standout phenotype with all the bells and whistles on the hoof, and the numbers to back it up, ranking in the top 10% of the breed for 11 different traits. A high-end female with the genetic power, numerical quality, and phenotype to take any program to new heights.

- A proven donor in the program, this 8474 daughter is already making a lasting impact. Her most recent progeny was one of the highlights of the spring open heifer division in last year's sale, further proving the kind of quality she is capable of producing.
- Owned with our good friends at Whispering Winds Farm, she combines big-time calving ease with the maternal strength, phenotype, and production you want in a donor. She has already made her mark, but we believe the best is still ahead, this female is just getting started.
- Owned with: Whispering Winds Farm
- **Exposed to BR E133 Belle Air 1324 from 4/15/26 to 8/15/26. Safe in Calf.**

- 105K is the kind of female that simply never gives you a bad angle. We love the quality and femininity she possesses, along with the balance, body shape, and exceptional udder quality that make her so easy to appreciate. She has that true brood cow look while still maintaining an attractive, feminine presence.
- 105K traces back to the old Sunny cow family, a maternal line that has been extremely influential at CES for our lifelong friend, Mr. Charles Smith. There is a lot of history and predictability built into this pedigree, and 105K is a great representation of the quality that cow family has produced for generations.

- This Cowboss daughter is one you will want to find on sale day. This robust, freckle-faced female strikes a great pose from every angle, combining power, balance, and the kind of presence that catches your eye. She brings a tremendous amount of maternal value, with excellent udder quality and the milking ability needed to be a productive cow. With her combination of phenotype, functionality, and brood cow potential, she is a female that should have a bright future ahead.
- Serviced AI to Churchill Smokey 3128L ET on 5/11/26.

Exposed to DVOR 619G 933 Explorer 110J from 6/1/26 to 8/1/26.
Safe in Calf. Believed to be AI.

- 6228 is a female we believe has the potential to be a truly impressive individual. Sired by UPS Lakota, a bull making a significant impact in the breed and gaining attention from programs across the country, she carries the kind of genetics that continue to build confidence. She combines a quality phenotype with an outstanding set of numbers, ranking in the top 5% of the breed for Milk, Maternal Calving Ease, and Teat Score. She is also elite for Scrotal Circumference, ranking in the top 1%, making her a well-rounded female with plenty of value to offer.

- This elite Trademark daughter is a female that will catch your eye from the moment you see her. Dark red, stylish, and packed with quality, she is the kind of high-powered female that offers both phenotype and production potential. Produced in the Candy Meadows program, she comes from a proven background and we believe she has the ability to be a tremendous producer wherever she goes. Her pedigree is stacked with quality, and her numbers back it up, ranking in the top 3% of the breed for Weaning Weight, Maternal Calving Ease, Udder Suspension, Carcass Weight, Ribeye Area, BMI, and BII, while also ranking in the top 1% for Marbling and CHB.

- This is a fun female to study, combining an elegant design with the kind of balance and quality that stand out from every angle. She represents the type of female we strive to produce—functional, attractive, and built to make a lasting impact. Sired by a New Standard son that we raised and have a great deal of confidence in, she offers the pedigree and potential to become an outstanding producer. Her performance profile is equally impressive, ranking in the top 1% of the breed for seven different traits, making her one of the most uniquely balanced females in the offering.

- J017 is a big, wide-based, big-topped female with added pigment and power from every angle. She is a direct daughter of G18, the full sister to Genesis, putting one of the most proven genetic lines in the breed right behind her.
- If you're looking for a donor that can add pigment, muscle, and substance without sacrificing an exceptional look, here she is. J017 has the pedigree and phenotype to be a valuable breeding piece for years to come.
- **Exposed to BR E133 Belle Air 1324 from 4/15/26 to 8/15/26. Safe in Calf.**

- 5208 is the kind of Hereford female we are all searching for. She is huge bodied, long as a well rope, and still gives you an exceptionally attractive, feminine look from the side. Study her from the ground up, she stands on an impeccable set of feet and legs with the kind of structure, foot size, and overall build that should keep her productive for years to come.
- What makes this female even more exciting is that she will be among the first Equity daughters to enter production. Her dam, 3212, is a young Houston daughter that got the job done right out of the gate, producing 5208 as a two-year-old.
- Study this female's EPD profile, as she brings elite calving ease with the genetic tools to do so much more. With her impeccable phenotype, maternal foundation, and fresh genetic package, we believe 5208 is destined to raise the kind of big-time herd bulls and front pasture females that can move any program forward
- We are committed to offering our very best, and 5208 is exactly that. This is a female we believe has donor potential written all over her and one that could make a lasting impact for her new owner.
- **Exposed to WLKR LF Laredo 2050 534N from 4/10/26 to 6/20/26. Safe in Calf**
- **Seller reserves the right to 10 transferrable embryos at the seller's expense and the buyer's convenience.**

- 5221 is a dark red Essential daughter that brings together maternal quality with big-time growth and performance. We really like what we are seeing in these Essential daughters—they have the body, substance, and maternal look to develop into highly productive cows.
- This is a young female with the genetic tools to add pounds while maintaining the maternal value needed to build around. We believe these Essential daughters are going to make great cows, and 5221 fits that mold extremely well.
- Owned with Stan Boyle & Son
- **Exposed to WLKR LF Laredo 2050 534N from 4/10/26 to 6/20/26. Safe in Calf**

- Big, stout, and powerful, this Daybreak 9175 daughter has the look and substance of a true brood cow in the making. She offers a well-balanced set of numbers, ranking in the top 10% of the breed for 10 traits, making her a versatile female with plenty to offer.

• Exposed to **SFCC TRM Mandate 3047** from 12/3/25 to 2/28/26.
Safe in Calf.

LOT 108 – WLKR JH LADY 9175 668 474M

We look forward to welcoming you and your family to Tennessee on September 18th and 19th.

It all starts Friday evening with food, fun, and fellowship, along with our Frozen Genetics Sale. Then on Saturday, we will offer 160 head of elite Hereford females.

These are foundation-building females with the genetics, phenotypes, and EPDs to add value and quality to your program.

Now is the time to invest in quality genetics, as demand remains strong across the country. The value of powerful, productive, and promising females has never been greater.

Thank you for your interest in our program. We cherish your friendship more than anything and hope to see you on September 18th and 19th. If we can assist with travel or hotel accommodations, please don't hesitate to contact us.

Sincerely,
Eric Walker

WALKER HEREFORDS

Morrison, Tenn.

PICK OF HERD FLUSH

201
/W

Terms of Flush

- Seller guarantees six (6) frozen embryos. If more than six they all belong to the buyer.
- If less than six, the selling price will be pro-rated back accordingly.
- One-half payment due sale day and balance due upon confirmation of embryos.
- If service sire is not owned by Walker Hereford Farms, buyer must furnish semen and certificates.
- Buyer pays all cost related to flush.

- Dodge City is one of the most exciting young herd sires to enter our program. A true power bull, he was selected by Tennessee River Music as the pick of our 2025 spring ET calf crop. Sired by the popular Gunsmoke and backed by the infamous Snowshoe cow family that has made a tremendous impact in our program, Dodge City combines proven genetics with an impressive phenotype. He ranks in the top 10% of the breed for 10 traits, adding another level of genetic value to an already impressive young sire.
- Selling 25 units in 5 straw packages.
- Non-Certificate
- Owned with Tennessee River Music

- Full Circle is quickly making a name for himself, with his first calf crop already turning heads and several sale features in this offering carrying his influence. Full Circle was the feature and high-selling bull in our 2025 Bull Sale, selected by Whispering Winds Farm in Missouri. We have been extremely impressed with the quality and consistency he is transmitting, adding look, power, and overall quality to his progeny.
- Selling 25 Sexed Female units in 5 straw packages
- Homozygous Polled
- Certificates \$75
- Owned with Whispering Winds Farm

- Smoking Gun was the high-selling bull in the 2026 /W Bull Sale, commanding \$17,500 to Lambert Ranch in California. A powerfully constructed Homozygous Polled son of Gunsmoke, he is backed by a beautiful-uttered Anodyne daughter that brings tremendous maternal strength to the equation. Smoking Gun offers a rare combination of power, phenotype, and maternal quality.
- Selling 25 units in 5 straw packages
- Homozygous Polled
- Certificates \$75
- Owned with: Lambert Ranch

SALE INFORMATION

zoetis

VITAFERM®

TERMS AND CONDITIONS

1. Terms are check, credit card or cash. Each animal to be sold to the highest bidder. The auctioneer shall settle any dispute as to bids.
2. All cattle are to be paid for by the purchasers during or immediately after the sale.
3. Each animal will be at purchaser's risk immediately after the animal is sold. They will be fed and cared for free of charge for a reasonable length of time after the sale, but at the purchaser's risk (buyer can have them insured against this risk at a nominal rate) and will be turned over to the buyer or shipped as he may direct.
4. Registration Certificates: The animals will be transferred to the buyer at the seller's expense. Cattle will not be transferred until paid in full. Each buyer must be sure to give the clerk his proper name and address for making transfers. All calves born before the sale are to be registered by the seller. All born after the sale to be registered by the purchaser. Proper breeding statements will be signed by the seller for the buyer to use in registering calves born after the sale. The purchaser will be responsible for obtaining AI certificates to register resulting calves from females carrying the service of non-owned bulls.
5. Breeding Guarantee: Animals sold in this sale are guaranteed by the owners to be breeders, provided they are properly handled and cared for by the purchaser. If any fail to breed, the seller must be notified by March 19, 2027. Otherwise, the animal is no longer guaranteed in any way. If the animal is in sound, healthy condition, the buyer may return it to the seller who shall have six months to test it and then, if the animal proves to be a non-breeder, a satisfactory exchange will be made or purchase price refunded. Every known blemish will be called before it is sold and no animal will knowingly be sold that is not sound in every way. Any changes in breeding dates will be announced sale day. Announcements from the auction box will take precedence over information printed in this catalog.
6. Any female selling with calf at side is considered to be a breeder with no further guarantee in this regard.
7. Health: Cattle may be shipped into any state. All heifer calves have been calfhood vaccinated. The Walker cow herd is certified Brucellosis free. #6622J1
8. Announcements at the sale ring by the owners or the auctioneer concerning the cattle will take precedence over statements in the sale catalog.
9. All persons who attend the sale do so at their own risk and the owners or management assume no liability, legal or otherwise, for any accidents that may occur.
10. EPDs listed in the catalog were current as of August 10, 2026. Visit HerefordsOnDemand.com to view and search Live EPDs.

****We gladly accept American Express, Discover, Mastercard and Visa.**
